

BOERS STILL IN RETREAT

Roberts Drives Joubert's Forces From Their Position at Ofontein.

ROUT WAS COMPLETE

Rising of the Dutch in Cape Colony is Creating a Lot of Apprehension.

ROBERTS BELIEVED TO BE WAGING A BIG BATTLE.

Buller is supposed to be advancing toward Drakensberg Passes. The burghers are strongly entrenched there. His aim is to prevent Boers from massing against Roberts' advance. British lost 4,484 men in relief of Ladysmith. Buller congratulates the forces engaged in Natal campaign.

Durban, March 7.—[Special Cablegram]—Major Peandergast at the head of a flying column has entered the Transvaal and after defeating the Boers in several skirmishes is lodged at Calusa hill, nine miles inside of the boundary. He entered by the way of Zululand.

London, March 7.—[Special Cablegram]—Gen. Roberts wired from Ofontein this afternoon that the enemy was in full retreat, closely pursued by cavalry, horse artillery and mounted infantry.

Gen. Roberts' dispatch as above is dated today and the news causes astonishment.

The latest press dispatches stated that the Boers on Roberts' front had gathered in force and were busy intrenching their position. It was thought that Roberts would win but only after a hard fight. His quick success is therefore a big surprise. The dispatch in full follows:

"Our operations today promise to be a great success. The enemy occupied a position extending four miles north and eleven miles south of the Modder. I placed Colville's division on the north bank and Kelly-Keney's on the south. The cavalry succeeded in turning the enemy's left, opening a road for the Sixth division which is now advancing without having to fire a shot.

"At the present time (noon) the enemy is in full retreat closely followed by the cavalry, horse artillery and mounted infantry. The casualties I trust will be few as the enemy is quite unprepared for either flank attack or the threatening of their Bloemfontein communications.

London Waiting For News

London, March 7.—[Special Cablegram]—The continuance of the rigid censorship and absence of all news regarding Gen. Roberts whereabouts, create the belief that he has already attacked, or is about to attack the Boer position on his front.

The fact that Joubert is now in supreme command of the Boers near Ofontein, adds interest to the expected developments in that vicinity.

The rising of the Dutch in Cape Colony is causing some apprehension.

Gen. Buller is supposed to be advancing along the Harrismith railroad towards the Drakensberg passes into the Free State. It is not believed he has encountered any Boers, but the enemy is known to be strongly entrenched there.

Apparently Gen. Buller aims to threaten if not storm their positions and thus hold as large a part of Joubert's forces as possible from joining in the resistance of Gen. Roberts.

Congratulated By Buller

Durban, March 7.—[Special Cablegram]—Gen. Buller in a general order regarding the relief of Ladysmith congratulates the relieved and relieving armies on the martial qualities displayed and thanks them for their determined effort.

Casualties in Natal

London, March 7.—[Special Cablegram]—The war office announces the casualties among the rank and file in the Natal campaign from Feb. 16 to 27, comprising the time of the fourth attempt to relieve Ladysmith, at one hundred and sixteen killed, 583 wounded and fifty-three missing.

Roberts Still at Ofontein

London, March 7.—General Lord

Roberts, so far as London is advised, is still at Ofontein with a Boer force of unknown but increasing strength facing him.

Most of the experts predict a big engagement in this vicinity almost any day.

Buller reports Natal practically clear of Boers, which suggests the belief that Joubert and his army have retired to the Free State to help De Wet and give Roberts another battle.

A special to the Daily Telegraph from Ofontein says the Boers are now intrenching and mounting guns to defend every position.

Joubert in Command.

A Standard dispatch from Ofontein Sunday says the enemy is concentrating in force and Joubert is reported in supreme command. There have been casualties of late, mostly the result of occasional sniping by the Boer pickets.

According to official reports General Buller lost a total of 4,484 men in effecting the relief of Ladysmith. This represents the killed, wounded and missing.

To Agitate For Peace

Cape Town, March 7.—[Special Cablegram]—It is rumored that a deputation of Afrikaner leaders is on the way to England to agitate for peace.

OLEO MEN REPLY TO THE CREAMERY MEN

STUBBORN FIGHT WILL BE MADE ON GROUT BILL.

Protest to Congress From a Stock Yards Officer—Touching the Proposed Law to Tax Colored Oleo—Some Remarks on the Real Dairy Interest.

Washington, March 7.—Oleomargarine manufacturers and all who have common interests with them are making their most stubborn fight on the Grout bill now before congress, proposing a tax of 10 cents a pound on colored oleomargarine.

W. M. Campbell, vice president of the St. Paul Live Stock Exchange has sent a protest to congress setting forth the position of the stockmen in the strongest terms.

He calls ex-Gov. Hoard's interview, promising opposition at the polls to any who may not support the measure "an argument addressed not to the reason but to the cowardice of men."

As for the deceit of coloring oleo, he says it is what the buttermakers do eight out of twelve months, color their butter to the hue it naturally has the other four months. And if Gov. Hoard says the dairy interests are taxed, why, so are the interests that supply the raw materials for oleo. The butter itself is not taxed, not a pound of it. And then he attacks it as class legislation.

Great Destruction of Values

"The inevitable result of the Grout bill," he says, "will be the destruction of the industry (as is unquestionably its purpose). I pass over the danger of all this legislation to republican government, its strong drift toward socialism, to call your attention to this effect upon the very farmers in whose interest it is pretended to be. The farmer who sells his milk to a creamery is necessarily a cattle raiser. Fully half of the increase of his herd is males. His profits from these rests in his ability to raise, fatten and market them.

"Statistics of cattle prices prove conclusively that the average price per head, since the utilization of beef stearine in making oleomargarine, is between \$3 and \$4 per head. Destroy that industry, wipe out that demand, and that amount will be taken from the value of every steer, and proportionately from that of every other beef animal, and that wholly independent of the fluctuations of price owing to the changes in the relations of demand and supply. The destruction of values would run into the millions annually. Is this alone not a reaction that should make you hesitate before yielding to the demands of a small class of producers?"

NEGLECT TO ATTEND CHURCH AND CHAPEL

Six of the Most Popular Students of Lawrence University are Suspended.

Appleton, Wis., March 7.—Six of the most popular students at Lawrence have been suspended by the faculty for a week on account of delinquencies in chapel and church attendance. This is the first time in the history of the school that the faculty has had to resort to these measures. The affair has caused a great deal of excitement in college circles.

PHILADELPHIA FIRE LOSS \$1,225,000

Shopping Block at Arch, Cherry, Eighth and Ninth Streets Completely Destroyed.

Philadelphia, March 7.—[Special Telegram]—Five this morning almost completely destroyed the shopping block, bounded by Arch, Cherry, Eighth and Ninth streets. The estimated loss is \$1,225,000.

STATE FAIR WILL GO TO MILWAUKEE

Cream City Business Men Agree to Donate \$15,000 Annually.

M'KERROW IS ELECTED

Sussex Man Made President of the Board and John M. True Secretary.

Board of Management and Superintendents of Departments are Appointed.—Next Fair Will be Held on Grounds Owned by the Society Near Milwaukee on September 10, 11, 12, 13 and 14.

Madison, Wis., March 7.—The state board of agriculture last night accepted the proposition of Milwaukee to hold the next state fair in the Cream City, and authorized the board of management, with the secretary, to co-operate with the special committee of the Merchants and Manufacturers' association.

This action means that the next state fair will be held in Milwaukee, and that that city will contribute \$15,000 to it whether it makes expenses or not. Milwaukee's triumph is the result of the efforts of Cream City business men who were represented here by a delegation that appeared before the board yesterday afternoon. The delegation was sent by the Merchants and Manufacturers' association of Milwaukee and the board elected the following officers:

President—George McKerrow, Sussex. Vice President—S. D. Hubbard, Mondovi. Secretary—John M. True, Baraboo. Board of Management—B. B. Hopkins of Milwaukee, George G. Cox of Mineral Point, C. G. Wilcox of De Pere and the president and vice president.

Following are the superintendents of departments: Speed—E. W. Harland, Waukesha. Agriculture—F. A. Hubbard, Mondovi. Horticulture—R. J. Cox, Ft. Atkinson. Dairy—J. W. Thomas, Aurore. Machinery—J. E. Scayur, Darien. Poultry and Ornamental Fowls—L. A. Johnson, Milwaukee. Marshal—C. G. Wilcox, De Pere. Purchasing Agent—George McKerrow, Sussex.

The board of management is to confer with the special committee of the Merchants and Manufacturers' association within thirty days with reference to the details of the next fair, which is to be held on September 10, 11, 12, 13 and 14.

Phil King Returns to Madison

Milwaukee, Wis., March 7.—Phil King, Wisconsin's baseball and football coach, arrived in Milwaukee last night from Washington, and tomorrow will leave for Madison to assume charge of the Badger baseball squad, which has been doing its preliminary work in the cage under the direction of Pete Huston, who will pitch for the Milwaukeees this year after he graduates from the university in June.

Riches Come After Death

Fond du Lac, Wis., March 7.—Eight hours after the death of William Schleiden a letter was received from Germany announcing that he had fallen heir, by the death of an uncle, to more than \$250,000. Mr. Schleiden had been a railway mail clerk.

WOMAN'S CLUBS TO MEET IN MILWAUKEE

Preparations Under Way to Give Them a Grand Time on June 4 Next.

Milwaukee, March 7.—The biennial convention of the National Federation of Women's clubs is growing so in size as time advances that it was decided today to increase the fund proposed for the entertainment of the convention from \$2,500 to \$5,000. Of this sum \$1,300 has been raised. It was made clear that at least 3,000 club women from all over the United States would attend the convention which opens here June 1. It is proposed to give the convention the finest time the delegates have had at any convention, and no pains or money will be spared in doing this.

The carnival board has secured quarters at the Hotel Pfister, from which point the work of arranging the details of the coming carnival will be carried out. It has been decided to use electricity as the motive power this year. There will be sixteen allegorical pieces, with four bands of music sandwiched in between, making a line of blazing pictures a mile in length.

Cost of Big Canals

Canals, and particularly ship canals, are costly undertakings. The Suez Canal cost \$100,000,000, the Manchester Ship Canal \$90,000,000, the North Sea Canal \$55,000,000, the North Holland and the Corinth Canals \$15,000,000 each.

PRESIDENT WILL SUPPORT THE BILL

Administration Committed to Uphold Porto Rico Tariff Measure.

FIRM STAND IS TAKEN

Opposition Will be Regarded as Proof of Hostility to the President.

Party Fealty to be Tested—General Harrison's Friends are Accused of Planning to Secure His Nomination at Head of Republican National Ticket—Loyal Party Men Will Vote as McKinley Wishes.

Washington, March 7.—President McKinley and his cabinet have accepted the Porto Rico tariff bill and it will be hereafter regarded as an administration measure and pushed as such.

The administration also accepts the opposition to the Porto Rico tariff as an anti-administration faction within the party with ex-President Benjamin Harrison as its leader.

The advisers of the president profess to have evidence that General Harrison is lending his name to an effort to spring a coup similar to that of the Blaine men a few months before the convention in 1892, and that the friends of the ex-president have seized upon the Porto Rican tariff bill as an incident which may be used to create an anti-administration demonstration.

As McKinley's name was sprung at Minneapolis to rally the anti-administration forces after the refusal of Mr. Blaine to allow his name to be used, so friends of the president would not be surprised to see General Harrison's name sprung now to rally the anti-administration republicans against the president.

May Force Passage of Bill

In the senate at the present time the influence of party discipline is being exhibited more strongly than it was in the house last week. There are two propositions—the Hay-Pauncefote treaty and the Porto Rican tariff—which have been given the party tag, and the chances favor the passage of both. It is a fact, however, that two-thirds of the republicans and about all the democrats are opposed bitterly to the tariff and the treaty.

Practically every republican senator between the Alleghenies and the Rockies has been bombarded with telegrams protesting vigorously against both of the administration measures. These same senators denounce the tariff and the treaty as absurd, illogical, unreplicable blunders, and yet they will vote for both because it is well understood the president is now firmly in favor of a tariff in Porto Rico and an ideally neutral canal.

Will Vote As Mr. McKinley Wishes.

For instance, one republican senator whose devotion to the administration is well known, said today: "I will vote for the treaty and the tariff, at the request of the president. I consider both dangerous, foolish and unwise. The message of the president and the bill appropriating two millions for Porto Rico have rendered it impossible for us to justify our course. I cannot explain my course to my people, except to say the president wanted it, and I did it for his sake and his alone."

"The people of my state are apparently unanimous, but the president believes he is right, and the people will sooner or later follow him. Perhaps they will, but it doesn't look like it now."

Oppose Spooner Resolution.

"The leaders in my state are equally opposed to the Spooner resolution, which proposes to give the president absolute power in the Philippines. They say the democrats will charge this is the establishment of a dictatorship, and they fear the labor vote will shy at this. In my opinion congress should not adjourn without establishing a provincial government for the Philippines. Yet I understand the president favors the Spooner bill. If so I will support it. There is no doubt in the world that today the policy of the administration is hostile to the feelings of almost all the people. The president says a change will come, and if it does before the November election it will be all right, but my colleagues in the senate who will also vote to sustain the president, are getting nervous, and there is no use disguising the fact."

FEARFUL ERUPTION IN JAPAN.

Lives of Foreign Residents in Danger—Yokohama Rocked as in a Cradle.

Victoria, B. C., March 7.—General alarm is felt in Yokohama for the American and European residents whose homes are in the shadow of Asama, the great volcanic mountain, seven miles distant from the city, and which was at the departure of the Empress of China, which arrived here today, in a state of eruption unparalleled since 1892.

LAWTON'S SLAYER AN ASSASSIN

Story Printed in Manila Says General's Death Was Result of a Plot.

San Francisco, Cal., March 7.—The New Orient, a newspaper published at Manila, copies of which have just been received, prints a sensational story of a conspiracy among prominent Filipinos, who have posed as "amigos."

The story, for which the paper does not stand sponsor, asserts that the members of the conspiracy raised a fund to reward those who should pick out and kill prominent American officers.

"It is known," the story goes on, "that the insurgents attempted to kill Gen. Lawton while on the north line, and the occasion chosen was when Major Howard was killed on a river boat. The rebels had learned that Lawton was to take that boat and made a desperate attempt to kill him, but killed Major Howard instead. Gen. Lawton, owing to some accident, did not take the boat as he intended."

"When the news of Gen. Lawton's death reached Manila there was great rejoicing in certain native circles. In Binondo and Tondo districts particularly was this the case, and it was at once proposed to raise a purse to reward the man who slew him, and he was paid \$25,000."

BUBONIC PLAGUE IN SAN FRANCISCO

Victim Was a Chinaman and He Died a Few Hours After He Was Attacked—Physician Says It is the Real Thing—Chinatown Quarantined and Surrounded by Cordon of Police.

San Francisco, March 7.—[Special Telegram]—A case suspiciously resembling bubonic plague was discovered last night.

The victim was a Chinaman. He died a few hours after he was attacked. The health department bacteriologist examined the dead man's glands, and he says the indications point to the fact that the man died of the bubonic plague.

All Chinatown was quarantined this morning, and a heavy cordon of police placed on guard.

OMAHA IS CARRIED BY REPUBLICANS

That City Shows Its Opposition to Fusion Policy—Elmira, N. Y., Goes Republican.

Omaha, March 7.—Republicans swept the city yesterday by a decisive majority. Normally Omaha is republican by about 1,500 votes, and the majorities on the municipal ticket from mayor down to aldermen will range from 900 to 1,500. The result means that the city of Omaha is opposed to the fusion policy.

Elmira, N. Y., March 7.—Dr. Frank H. Flood, republican, was elected mayor yesterday by 576 plurality over Frank E. Budy, democrat. The republicans also elected ten aldermen, which gives them a majority in the common council. The city has been in control of the democrats for more than twenty years.

Freeport, Ill., March 7.—For the ninth consecutive time the republicans of the ninth congressional district yesterday renominated R. R. Hitt for congress by acclamation. His original nomination, secured in 1882 to fill out the unexpired term of R. M. A. Hawk, he had to fight for.

Kansas City, Mo., March 7.—The democratic state committee met here yesterday to decide upon dates and places of meeting of the coming state conventions. The nominating convention will be held in Kansas City, June 5. Besides the national democratic convention, Kansas City will, therefore, entertain the big state convention of both parties, the republican state committee already having decided to meet here on May 15.

Factories Close UP THEIR PLANTS

Building Material Firms of Chicago, Agree to Shut Down Until End of Strike.

Chicago, March 7.—Chicago manufacturers of building material agreed yesterday to lock up their plants and suspend business operations indefinitely or until the settlement of the widespread labor troubles. Representatives of fifty-one companies reached the unanimous decision and the shut down will become effective at once. Already the Western Stone company has closed all its works, laying off over 2,000 men. The direct result of the agreement will be to throw 10,000 men out of work and to tie up the \$20,000,000 capital invested in the various material plants. The indirect results will be calculated later.

The material manufacturers declare they are not favoring one side or the other in the strife between the contractors and the building trades unions; but this contest has cut off all demands for materials, and that their factories have been running at a loss, the continuation of which would mean ruin to them.

DEATH LIST WILL NOT EXCEED FORTY

Explosion at Red Ash Results in Loss of Life and Property.

CAUSED BY FIRE DAMP

Every Victim is Killed Outright and the Debris is Scattered Far Away.

Not One is Left Alive to Tell How the Disaster Happened—Shock Felt for Miles Around—Agonized Women and Children Rush to the Scene and Fill the Air With Heartrending Cries For Dead Loved Ones.

Thurmond, Va., March 7.—[Special Telegram]—The work of recovering the victims in yesterday's mine disaster continues slowly. Up to this morning thirty bodies have been recovered. The work of rescue was kept up all through the night. The superintendent of the mines says that the death list will not exceed forty. If the explosion had occurred twenty minutes later the loss of life would have exceeded one hundred and fifty.

The mine has for months been considered dangerous it is claimed. Special trains from Charleston and other points are bringing hundreds of men to aid in rescue work. Doctors and undertakers arrived this morning.

Wails Are Heartrending.

After the explosion the mouth of the mine was found jammed almost full of carts, mules, and a few human bodies.

Hundreds of women, wives, daughters and sweethearts of the unfortunate ones, are crowding about the mouth of the mine this morning and their wails are heartrending. The bodies of the victims that have been rescued now lie in a blacksmith shop on the mountain side. They are blackened and mangled and will probably never be recognized.

These mines usually employ 150 people, but Sherman Shirkey, the bookkeeper, states that for a week only about three-fourths of the men have been on duty. Fully 80 per cent of the miners were white people and about 60 per cent were married men.

The mine is the property of the Red Ash Coal company, the principal owner of which is J. Fred Effinger of Staunton, Va. Ferdinand Howard of Rush Run is the manager.

Physicians' Skill Unnecessary

Portions of a body were found after the explosion hanging to a tree almost sixty yards from the mouth of the mine.

Andrew Pritt, chancellor commander of Beury lodge, Knights of Pythias, was taken from the mine, but was unable to speak, and died soon afterward. More than a dozen doctors were dispatched to the scene from the various towns in the vicinity, but their services have been unnecessary. All the victims are dead.

The mine is in a mountain overhanging the little town of Red Ash, where most of the miners lived. The opening was high upon the mountain wall, about 700 feet above the west side of New river.

The town of Red Ash, where yesterday were hundreds of happy homes, is in mourning today. In every street weeping women can be heard intermingling their cries with the screams of fatherless children.

At noon forty bodies had been recovered. It is now said that there are fifty-five more bodies in the mine, making the total number of killed seventy.

Siamese Fear of Even Numbers.

The Siamese have so strong a superstition against even numbers that they will have none of them. The number of rooms in a house, of windows or doors in a room, even of rungs on a ladder, must always be odd.

MR. DAHLE MAY NOT BE RENOMINATED

Second District Republicans are in Doubt—Stromme Looking For the Place.

Madison, Wis., March 7.—The Republican Congressional committee of the Second district have decided to call the convention to elect two delegates to the national convention to meet at Watertown on April 24. The convention to nominate a candidate for congress will be called later.

There seems to be no doubt that Congressman Dahle will be renominated by the Republicans. Friends of Peer O. Stromme, the Norwegian journalist who ran for secretary of state on the Democratic ticket in the last campaign, say that he will return to Madison and seek the Democratic nomination for congress. He is now on the staff of the Minneapolis Times.

NATIONAL GUARD RECEIVES ORDERS

GOVERNING ENLISTMENTS INTO THE RANKS.

Of Special Interest to the Janesville Company—Interesting Meeting Held Last Evening—Captain Achtenberg Makes Several Appointments During the Evening—Trouble Over Hall.

Adjutant-General Boardman has just issued in general orders the new regulations governing enlistments into the Wisconsin National Guard. The applicant must be between 18 and 45, of good character and habits, able bodied, free from disease, able to speak the English language and sign his name. Minors must have the consent of parents or guardian. The applicant must be a citizen of the United States, or have declared his intention to become such. He must be not less than 5 feet 4 inches tall, and weigh for infantry and artillery, not less than 120 nor more than 190, and for cavalry not more than 165, with no minimum fixed.

To pass the medical examination the applicant must have free use of his limbs; chest must be ample, with a measurement of 32 to 35 inches at expiration of the breath, and mobility of 2 to 3 inches; his hearing, vision and speech must be good; he must have no tumors or ulcers on his body, no rupture or skin diseases; injuries that may impair his physical or mental faculties will disqualify him. He must not be a drunkard, must have no infectious or other disease that may unfit him for military service, and must be able bodied and of good character and habits.

Scope of the Examination

Orders are also issued prescribing the examinations which officers and "non-coms" must pass before they get a commission. Officers are to be examined by a competent board detailed from regimental headquarters as to their physical and mental qualifications, and character and reputation will also be taken into consideration. They will be given an oral examination of not less than ten questions from a list of thirty-five furnished by the adjutant general, and must answer sixty per cent of them correctly. The scope of the examination includes drill regulations, manual of guard duty, state military regulations, United States army regulations, national and state military law, small arms practice, camp sanitation and regulations relating to marches, advance and rear guards, outposts and patrols.

The non-commissioned officers will be examined by a board composed of their own company officers on the details of drill, care of arms and equipment, military courtesy and discipline, etc.

Local Non-Commissioned Officers

Members of Co. I, held a meeting last evening at Concordia hall. Capt. Charles F. Achtenberg announced the following appointments of non-commissioned officers:

First Sergeant—Benton E. Brown. Quartermaster Sergeant—R. E. Hill. Second Sergeant—H. J. Maunth. Third Sergeant—Jerry A. Brosnan. Fourth Sergeant—Harry E. Collins. Fifth Sergeant—Jesse M. Dixon. First Corporal—Fred L. Church. Second Corporal—Carl T. Williams. Third Corporal—Charles Cannon. Fourth Corporal—Fred C. Piereon. Warren P. Collins and Leroy Maine are the musicians of the company.

It developed also that the company cannot lease Concordia hall and will have to look for drilling room elsewhere.

PLEASED HER AUDIENCE

Miss Gilbert Appeared at the Court Street M. E. Church

At the Court Street M. E. church last evening Miss Mary Gilbert gave an eloquent and musical entertainment that proved a rare treat. The audience was small but enthusiastic. Miss Gilbert is a resident of Minneapolis. Last evening she gave violin selections that clearly demonstrated her ability as an artist. Miss Ada Pond of this city, accompanied Miss Gilbert on the pipe organ. Liberal applause greeted her recitations.

The proceeds of the concert went for the purchase of song books, the receipts being divided between Miss Gilbert and the church.

Girls, if you wish to be a June bride with red lips, laughing eyes, a lovely complexion, take Rocky Mountain Tea this month 35 cents. Smith's Pharmacy, Kodak Agents.

Gray Hairs Can be Defered

Premature gray hairs usually are the effects of carelessness. If the scalp is kept free of dandruff and properly nourished and strengthened, gray hairs would be unusual before the age of forty or fifty-five. There is no remedy in existence that will restore color to gray hairs; but the

Seven Sutherland Sisters'

Hair Grower and Scalp Cleaner, if applied according to directions contained in each package, will positively defer gray hairs until nature compels their appearance. There are today thousands of American men and women who have revived the dying energies of their hair through the faithful use of these simple and natural remedies.

ENGINEER'S CLOSE CALL

Broken Side Rod Plays Havoc With the Milwaukee Line Engine

The breaking of a side rod of an engine on the Milwaukee road two miles this side of Stoughton, Saturday evening, came near resulting fatally to Engineer John Lewis. Engineer Lewis is well known in Janesville, having run an engine into the Bower City for some time.

When the rod broke it was thrust up through the cab where Mr. Lewis was sitting, and struck him with such force as to throw him across and to the top of the cab. In falling he landed near the fire box, considerably cut and bruised, and with splinters from the cab roof driven into his head. He was struck but once by the rod but this blow would probably have been fatal had not its force been lessened by the thick cushion of the cab seat.

After the train was stopped and the broken rod disconnected Fireman Ed. Andrus backed it to Stoughton and later pulled the train to Madison using but one set of drive wheels. At the station the injured man was met by his brother, Henry Lewis, the druggist, and taken to his home at once. Dr. Head was summoned, and is now in attendance. The doctor says the injuries are not dangerous and that Mr. Lewis will be up in a few weeks.

FARMERS LOOKING FOR MEN IN JANESVILLE.

Are Willing to Pay Good Wages to the Right Kind of Laborers—Wages This Summer Will Be High—Average \$22 to \$25 a Month For Good Farm Hands.

Rock county farmers report that there is a great scarcity of farm help. The time of the year has arrived when they hire their help for the season and the same conditions are now prevailing as in the spring of 1899, for at that time it was almost impossible to secure help and it could only be obtained by a very high rate of wages. Wages during that great industrial year averaged from \$22 to \$25 per month, but during the following year wages dropped to from \$16 to \$20 and but few farmers have paid much higher wages since. Wages this year have suddenly jumped up \$22 to \$25 and considerable difficulty is encountered in securing help at those prices.

The men who are hired for the season generally begin work on March 1, but a large number of farmers have not yet hired their help. The scarcity is caused by the great demand for men in the factories and other places of employment, and to work in the cities is more desired than to work in the rural districts. The sum of \$25 per month is big wages to earn on a farm, for this includes boarding, washing and mending of clothes and often the keeping of a horse or furnishing of a horse for the man. These extras would bring the wages up to \$45 per month, which is more than many school teachers, office and store clerks earn. The farm hand has also the advantage of being able to lay aside more of his earnings than the teachers and clerks, for he does not come in daily contact with the places to dispose of money, and society does not lay the claim on him it does on teachers and clerks.

To Cure La Grippe in 24 Hours.

No remedy equals Warner's White Wine of Tar Syrup for this terrible and fatal disease. If taken thoroughly and in time, it will cure a case in 24 hours, and for the cough that follows La Grippe it never fails to give relief. Price, 25c and 50c. People's Drug Co.

We have saved many doctor bills since we began using Chamberlain's Cough Remedy in our home. We keep a bottle open all the time and when any of my family or myself begin to catch cold we begin to use the Cough Remedy, and as a result we never have to send away for a doctor and incur a large doctor bill, for Chamberlain's Cough Remedy never fails to cure. It is certainly a medicine of great merit and worth.—D. S. Meakle, General Merchant and Farmer, Mattie, Bradford county, Pa. For sale by Smith's pharmacy, next to postoffice, kodak agents.

LOCAL SPORTS WILL ATTEND

Event Scheduled at Tattersall's Athletic Club on St. Patrick's Day

Several local sports expect to attend the athletic program in Chicago at Tattersall's Athletic Club, which proposes to celebrate St. Patrick's day in royal style, in its big Chicago arena. The program will again be "all star" in line with the policy of Manager Lou M. Houser to offer nothing but the best to the great army of patrons of the club's entertainments.

A particular effort will be made for the card to be pulled off on March 17, the day the sons of the "fighting race" love to celebrate. Among the events already arranged for the 17th is a meeting between Benny Yanger, the Tipton Slasher, and Harry Forbes, one of the chief cracks of the little fellows. Jack Madden will be on the card again, and he will carry as much money as he did in his match with the Slasher.

LA PRAIRIE

La Prairie, March 6.—Hiram Proctor and family have been spending a few days with friends in Chicago. Mrs. Ingalls of Milwaukee, has returned home after spending a few days with her sister George Goocher. John Terry received large orders for wall paper at every house. He is an agent for the Potter house in Chicago and carries a very fine line of goods. George Fein is handling the last of his last year's crop of fine grain. Frank Finchs' little son is recovering from a severe attack of chicken pox. Kent Randall of Harmony, is in the employ of William Ruder for a few days. Miss Eddington again has a full attendance at her school, those who were afflicted with chicken pox being able to return. The L. M. B. S. will meet at the home of Mrs. William Ruder Wednesday, March 15. Mr. Jones and family have moved to the place known as the Benedict farm but now owned by Janesville parties. M. Peterson of Leyden, has been visiting at H. A. Finchs. Mrs. L. F. Wilcox has returned to Janesville, after spending about eight weeks with friends in this place. George Skinner of Janesville, is visiting at Adam Scott's. It is reported that Mark Swan of Leyden, has made arrangements to work on the farm of Mrs. Leda Ruder the coming season. Mrs. Sheridan of this place has purchased the half interest in a livery barn in Janesville of L. A. Proctor. Mr. and Mrs. L. A. Sherman spent Sunday in Johnston. The last dance of the club series took place at the Grange hall last Friday evening, and it was a delightful party in every respect. Smith's music seemed more thrilling than ever. This series of parties has been so much enjoyed by all who attended, that it has been decided to give one more dancing party before the busy season opens, under the auspices of the club committee. It is dated for Friday evening, March 16. Smith's orchestra. Dance tickets 50 cents. Lunch extra. Fred Ullins and wife spent Sunday with his mother.

ORFORDVILLE

Orfordville, Wis., March 6.—Mary Gilbert, the famous reader and violinist will give an entertainment at the Orfordville Star opera house Thursday evening, March 8th. The proceeds go to the Orfordville public library. Miss Joliff soprano vocalist of Broadhead, will also render a few numbers. No doubt it will be a pleasing entertainment. Everybody welcome. Admission 35c, 25c, children 10c.

SHOPPIERS.

Shoppers, March 6.—A donation will be held at the M. E. church on Friday evening, March 9, for the benefit of their pastor, Rev. F. C. Richardson. A cordial invitation is extended to all.

"WITH BRAINS SIR!"

A great artist was once asked what he mixed his pigments with to obtain such wonderful effects. His reply was: "With brains, sir!" This would be the real answer to hundreds of people who are all the time asking what Dr. Pierce's medicines are. Dr. Pierce's medicines are mixed with to produce such marvelous cures. These medicines are the result of Dr. Pierce's thorough professional education; his deep study of the principles of materia medica and of the human physiology in health and disease; and above all his unparalleled practical experience.

"I thank God for giving you wisdom and knowledge, and guiding you in making these medicines," says Mrs. H. A. Alsbrook, of Austin, Louisa Co., Ark. in an earnest letter to Dr. Pierce. "After five months of great suffering I wrote this for the benefit of other sufferers from the same afflictions. I doctored with our family physician without any good results, so my husband urged me to try Dr. Pierce's medicines—which I did, with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his Golden Medical Discovery, and two vials of his 'Pleasant Pellets.'"

There is no medicine in the world that has helped and cured so many weak and ailing women, as Dr. Pierce's Favorite Prescription. It was devised solely for that purpose by one of America's most eminent specialists in this particular field of medical practice. Any woman may write to Dr. Pierce for advice which will be sent confidentially and absolutely free of charge.

Dr. Pierce's great thousand-page Common Sense Medical Adviser will be sent for the mere cost of mailing; paper-bound for 21 one-cent stamps, or cloth-bound for 31 stamps. It is a grand and useful book. Address Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST. JANESVILLE, WIS. WE KEEP THE QUALITY UP

MANUFACTURED EXCLUSIVELY BY MINNEAPOLIS KNITTING WORKS MINNEAPOLIS, MINN.

They are proving a great success. Common sense has taught over a million mothers that a soft, light, elastic underwaist is better for the child than the heavy, rigid, quickly outgrown kind.

The M Waist is the knit waist, and we carry a stock that shows every size from 2 to 12 years.

CORDETTE It is superior to hair cloth or canvas and keeps all dresses in perfect and permanent shape. It is used by well-dressed women all over the world. Use it once, you'll buy it again. Look for the word "Corsette" stamped on selvage. Over 6,000 yards of Corsette have been sold in Janesville. The next time you need dress facing, try Corsette. Colors—black, white, slate, tan. Width—28 inch. Price—20 cents. Corsette is sold in this city by us exclusively.

The New Foulard Silks In addition to the many beautiful styles that we have been showing we have just added about twenty more pieces to our stock, real choice things that we could not show you if we had not ordered them in January. Ours are the celebrated Foulards made by Cheney Bros., which means none better. Width 24 inch; prices, 85c and \$1.00.

\$5.00 Silk Waists We are showing Silk Waists at \$5.00 that know no competition. Examine the qualities of the taffeta silks they are made of, the workmanship, the styles; you will acknowledge their superiority. Have them in black and colors.

French Flannels Janesville's largest assortment of this popular material for waists can be found at this store. We show them in plain, figured, striped, dotted, and embroidered with dots and fleur de lis, at 60c to \$1.50. Many new styles have been received the past ten days.

Copper Colored Splotches.

There is only one cure for Contagious Blood Poison—the disease which has completely baffled the doctors. They are totally unable to cure it, and direct their efforts toward bottling the poison up in the blood and concealing it from view. S. S. S. cures the disease positively and permanently by forcing out every trace of the taint.

I was afflicted with a terrible blood disease, which was in spots all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger, and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

GEO. HOCKETT & SON.

The Season of The Aching Foot...

Did you ever wonder why your feet became so sore and tender at this time every year; how the joints ache and make it seem as though you were treading on a ridgy surface and it took you an hour or so every morn before your Shoes felt on your feet as though they belonged to them? That's the Spring Foot-Disturbance. While your feet are in this condition you don't feel like breaking in another new pair.

Our Styles are Already Broken in.

They are made on shapely foot form lasts, ALL NEW and ready to put on, and while in wear we keep them dressed and polished free of any charge to you. You will find our prices consistent with quality as we allow no shoddy, cheaply thrown together Shoes on our shelves. The very Newest and Best at the lowest figures being always our aim.

\$2.50 gives you a choice this week of a lot of broken sizes, all kinds, of \$3.00 and \$3.50 grade. Our spring styles are moving from the factories.

THIS DAY IN HISTORY.

162—Antoninus Pius, Roman emperor, died; born 86.

1226—William Longworth, first earl of Salisbury, died.

1771—British parliament closed the port of Boston. The "Boston tea party" of Dec. 16, 1773, led to retaliatory measures as soon as news of the affair reached parliament. That body immediately passed the "Boston port bill," which closed the port to all commerce and transferred the board of customs to Marblehead and the seat of the colonial government to Salem. Thus Boston became the recognized champion of popular rights and victim of royal persecution. Money and supplies were contributed by the colonies and by sympathizers abroad.

1874—Millard Fillmore, thirteenth president, died in Buffalo; born 1800.

1875—General Sir James Dene Grant, English conqueror of Peking in 1860, died; born 1808.

1876—Hylee Clarke, famous English linguist and scientist, died in London; born 1815.

1895—General Nelson B. Sweetzer, U. S. A., retired, died in Washington; born 1832.

MR. WALL ON DEMOCRACY

National Committeeman E. C. Wall of Milwaukee, has been nosing about among the eastern democrats, and has come to the conclusion that the bolters of 1896 will be "welcomed back without being required to pass a civil service examination"—all they will have to do is sign the constitution and bylaws, and pay the initiation fee. He also declares that he will "support Mr. Bryan, and aid him in every possible way"—that Bryanism, by another name, will smell as sweet. The silver issue, he says, is "important now"—that because Bryan will not be allowed to inflict 40 cent dollars on the people who earn 100 cent dollars, his burning desire to do so is of no consequence.

Mr. Wall puts on a thick coat of whitewash, but through the calomine there there can still be seen the lurid garments that enveloped democracy four years ago—garments that caused the repudiation of the weaker by the largest popular majority ever recorded.

Bryan, Altgeld, Tillman, Stone, and all the other leaders of 1896 are still in the saddle. They run the machine, and their word is law.

The issues of "anti-imperialism, anti-expansion, and anti-trust" may, as Mr. Wall suggests, be added to the democratic platform. Well be it if they are. When democracy declares for "anti-imperialism" and "anti-expansion" in the sense that the democratic leaders use the expressions, it declares the doctrine of Thomas Jefferson—a doctrine that no democrat has heretofore felt called upon to denounce.

When democracy declares against the trusts, its declaration has a hollow sound—no trust has ever felt democracy's heel upon its neck, although democracy has had the opportunity of putting it there.

The campaign of 1896 was made upon the issue of free silver and the repudiation of Grover Cleveland. It ended in crushing defeat.

The campaign of 1900 is, as Mr. Wall intimates, likely to be made upon the issue of free silver and the repudiation of Thomas Jefferson, and that it, too, will end in disaster is a foregone conclusion.

Mr. Wall may talk sweet words into the ears of his "esteemed fellow citizens," but way down in the innermost consciousness of his soul, we will wager that he like the others who turned their backs upon the erratic gentleman from Nebraska four years ago, feels that there is no future for his party until time effaces from its record the evidences of "national perfidy and dishonor" that made the campaign of 1896 the most decisive battle in the history of these United States.

Yes, Mr. Wall, you can return to the democratic fold; you can march under the banner labeled "Pure Jeffersonian Brand," but when you do, the "Louisiana purchase" reflector will fall upon your collection of campaign "anti" scare-crows, and Thomas Jefferson will turn over in his grave. No "civil service examination" will be held, but you must pay the price, just the same—the price that Bryan and his fellow populists demand, of you, and the price that the people will demand of them.

Ferdinand W. Peck is running the Paris exposition on good lines. At last count he had not only crossed the ocean 9999 times, completely overcome the prejudice due to the Dreyfus case, but was also in a fair way to meet the Prince of Wales.

Figuring that "it had to come some time, is cheaper now than it will ever be again because of the growth of the city," the common council of Galesburg, Ill., will put in a system of sewerage to cost \$250,000. Wise decision.

The Porto Rico tariff is designed to raise money to run Porto Rico's government. The people of the island will not be asked to pay a dollar that will not return to Porto Rico to provide roads, schools and other improvements. Which

is better, to raise the money by a tariff or take it from the treasury?

Wisconsin trapshooters are to organize a league. The object of this association is to bring the lovers of the sport together for the purpose of shooting clay birds, and it should not be confounded with any other shooting organization having a similar name.

Dispatches from Paris say that the passage of the Porto Rico bill gives great satisfaction in that country. The French interests in Porto Rico are extensive, being mainly in the railway lines.

Except for the fact that the Associated Press continues to force the spelling on The Milwaukee Sentinel, in all its dispatches, The Sentinel is free from blame and should be forgiven.

British workmen, says a London paper, lost 15,000,000 days work last year because of 711 strikes. At \$2 a day, the loss would amount to \$30,000,000. Did the strikers gain that much?

Oom Paul has "issued another fervent appeal to his soldiers in the name of the Lord"—and each soldier has made an examination to see that his "powder is dry."

All a real democrat has to do to become a present day democrat is to swallow Populist principles—without "undergoing a civil service examination."

"Advertising" says The Milwaukee Journal "is the proof of enterprise." Correct. And enterprise, like virtue, brings its own reward.

Senator Spooner's bill providing for the temporary government of the Philippines will be favorably reported by the senate committee.

Unconscious for Two Years.

San Francisco, March 7.—Miss Elida Wilbur, who has lain unconscious for more than two years, is dead. Her case is pathetic, as recently she has shown signs of consciousness, though her speech and actions were childish. Her trouble began in February, 1893, when she was found one morning in her room, with the gas streaming from an open burner. It was not an attempt at suicide, as the window was open. She had had a quarrel with her lover, James Dunphy, the night before, but this was not serious. The gas seemed to have paralyzed some nerves of the brain.

"Father of the House" Dead.

Philadelphia, Pa., March 7.—Alfred C. Harmer, member of the national house of representatives for the Fifth district of Pennsylvania, died at Germantown, Pa., Tuesday. Representative Harmer enjoyed the distinction of being the "father of the house," he having served a longer time consecutively than any other member. He was first elected to congress in 1870, and re-elected in 1872. He was not chosen again in 1874, but in 1876 he was once more elected, and he has been regularly re-elected every two years since.

The Flight of Empress Eugenie.

The true story of the flight of the Empress Eugenie from the Tuilleries will soon be published. It is now in the form of a manuscript left by Dr. T. W. Evans, the American dentist, who accompanied the Empress in her flight to England. Dr. Evans, who aided Dr. Evans in protecting Eugenie and accelerating her flight, says he only awaits a decision of the court before publishing this contribution to French history. The reason why it was not published during Dr. Evans' lifetime is because it deals hard blows at those who deserted the Empress in her hour of trial. Now that most of the chief actors in the drama of 1870 have passed away, the venerable ex-Empress has expressed the wish that this interesting manuscript be published.

Forgetful.

Many people in Denmark prefer horseflesh to beef. In Germany and Austria business is brisk in horse meat preparations, and is becoming more so every year. England is still reluctant about accepting the new aliment and classes that kind of food alongside snails and frogs. The first horse butchers in Paris were only established in 1866; that special trade is now legally carried on, and is considerably increasing, as demonstrated by municipal statistics—so much so that today over 5,000 tons of horseflesh are consumed annually in Paris, sold by sixty licensed horse butchers, who receive supplies from two special "hippie" slaughter houses, both outside the city proper.

ARBOR AND BIRD DAY

Gov. Scofield Has Issued a Proclamation Designating Friday, May 4.

Madison, Wis., March 7.—Gov. Scofield has issued a proclamation designating Friday, May 4 as Arbor and Bird day. It is as follows:

"By legislative enactment the governor is authorized to set apart one day in the year to be known as Arbor and Bird day.

"The beneficent results of this enactment are everywhere apparent. Not only are the school grounds and public parks of the state being made attractive by tree-planting and a deep interest in the preservation of our song birds being awakened among the young, but there is coming to be among the people of the state generally a clearer understanding of the economic value of the forest and bird preservation.

"In order that this interest in the forests and birds may be maintained, I, Edward Scofield, governor of Wisconsin, by the authority vested in me by the legislature, do hereby set apart and designate Friday, May 4, 1900, to be Arbor and Bird day.

"It is highly desirable that all the public schools and the places of learning generally throughout the state do, upon that day, hold appropriate exercises, to the end that the young may grow into an intelligent appreciation of those attractions with which nature has endowed our state, and come to discern the relationship between beauty and usefulness. Let an effort be made on that day to add in some degree to the attractiveness of all school grounds and public parks, and to impart to the little children especially a love for birds."

Physicians have discovered a fact and fact modern medicine. It is asserted by reputable medical men that the large increase in the number of cases of brain fever and nervous disorders is due in no insignificant degree to the extension of the elevator system. Most people feel a sensation as if they were falling when going down in a rapidly moving "lift," and the constant repetition of this seemingly slight dizziness induces chronic headache or other nerve disorders, and even leads to brain fever in some instances. Those who habitually ride up and down six or eight stories two or three times a day almost invariably become a prey to some form of nervous trouble.

Football Forbidden by Scottish Law.

The curious may dig from the statute book some strange relics of the middle ages. Sir Thomas Thornton, the town clerk of Dundee, speaking the other day at the football club bazaar, reminded his audience that football is to this day forbidden by Scottish law, and that there is still unpealed an act of parliament from the reign of James I. of Scotland enacting that "no man shall play football hereafter, under a penalty."

Good Farm Homes Cheap

The Chicago & Northwestern Railway Company owns 550,000 acres of hard wood timber land in Northern Wisconsin, which lands are now being offered to actual settlers at low prices. The lands are well located, afford railway, postal, church and school advantages. These lands should not be confounded with the pine stumpage lands now offered in this market. Land that grows pine is invariably sandy.

The C. & N. W. Tracts grow hard wood and cannot be excelled by "openings" in the country.

The logs, posts and poles find ready sale at nearby saw mills, and when the land is once cleared excellent agricultural soil is the result.

Excursions will be run to these lands on Tuesday of each week, round trip tickets being sold at... \$6.71

They are for sale at my office. I should be glad to furnish printed matter and other information to all interested.

REV. E. H. PENCE CALLED TO DETROIT

Presbyterian Divine Will Undoubtedly Accept the Michigan Offer.

PAY IS FOUR THOUSAND

Unanimous Call Has Been Extended by Fort Street Church Congregation.

Telegram Received This Morning Stated That a Letter Containing the Call is Now on the Way Here—Rev. Pence Will Preach in Detroit Next Sunday—Local Members of His Congregation are Surprised—It is a Great Offer for a Young Man.

Rev. Edward H. Pence, pastor of the First Presbyterian church of this city, has received a unanimous call to fill the pulpit of the Fort street Presbyterian church of Detroit, Mich.

In all probability Rev. Pence will accept this call and leave Janesville at the earliest possible convenience.

The call arrived this morning in a telegram which read as follows: "Detroit, Mich., March 7.—Unanimous call will be mailed tomorrow. S. G. Caskey."

Rev. Mr. Pence when interviewed by a Gazette representative this afternoon stated that the less said about the matter just at present would suit him best; whether or not he will accept the call, he says, remains to be seen.

On Friday of this week he intends to leave for Detroit for the purpose of looking over the field with a view to accepting the call. Next Sunday morning Rev. Pence will preach his first sermon in Detroit.

The position carries with it the handsome salary of \$4000 a year besides the use of a spacious and costly parsonage.

The Fort Street Presbyterian church of Detroit is considered to be the wealthiest church in all the state of Michigan and is today classed as one of the most notable Presbyterian churches in the United States. It numbers among its congregation some of the most wealthy residents of Detroit. Its congregation numbers several hundred. The church itself is constructed of stone and is a most costly edifice. It is located in the business section of the city.

This church recently received a \$100,000 endowment. Such world famous men as Dr. Arthur T. Pierson and Dr. Wallis Radeloff have filled its pulpit. Dr. John Reid, considered to be one of the ablest of Presbyterian pastors, has lately filled its pulpit. He was called to the Presbyterian church at Brooklyn, New York. He accepted and it is to fill his place that the call has been extended to Rev. Pence of this city.

On Sunday, February 25, there arrived in the city of Janesville three prominent business men of Detroit. These men now prove to be S. M. Cutcheon, Elisha Fraser and S. G. Caskey. They are all prominent members of the Fort Street Presbyterian church, Detroit, and the only object of their visit here was to hear the Rev. Mr. Pence preach. They attended services at the local church both morning and evening. Then they quietly made their way back to Detroit where they made a most flattering report to members of the Detroit church urging them to extend a unanimous call to the Janesville divine.

Realizes It Is a Great Honor
This they have done. Rev. Pence said this afternoon:

"Now don't quote me as saying that I have decided to accept this Detroit call. That will entirely depend upon my coming visit there. I fully realize it is a great honor to a young man. For me to leave personal acquaintances that I have formed here would indeed be hard. I expect to leave for Detroit either Friday or Saturday of this week and on Sunday I will deliver a sermon there from the pulpit of the Fort Street Presbyterian church."

In a State of Collapse.
The membership of the Presbyterian church are in a state of collapse over the probable resignation of Rev. Mr. Pence. The preacher is almost idolized by his people; but their love for him leads them to say that they will not stand in the way of him bettering himself. The Detroit Presbyterian church is one of the strongest and wealthiest in the west and any preacher would consider the attainment of its pulpit the ambition of his life.

God Bless You When You Go.
But there is sorrow in the local church. Mr. Pence's individuality has impressed itself strongly upon his congregation and they are loth to part with him. Among other interviews voicing lamentation over this sudden calamity to the Jackson street red brick church are the following:

Archibald Reid: Of course we are all sorry—awfully sorry that our pastor is going to leave. I think in justice to himself he must accept the call. That Detroit call means a great church and congregation and a wider measure of usefulness than he could possibly acquire in Janesville. He has received hundreds of calls but refused them because he loved his people in Janesville. He is a young man of great acquirements and brains and his light should shine to more advantage. We hate to lose him but

DEMONICO POTATOES.—Prepare and cut into small squares six good sized white potatoes; boil in salted water. When tender, but not breaking, drain off the water and stand the potatoes back on the stove to dry. Place two tablespoonsful of butter in a pan on the stove. When melted, stir into it three tablespoonsful of flour. Mix thoroughly into a smooth paste; add three cups of milk. A smooth creamy sauce results. Have a baking dish at hand; cover the bottom with the sauce, add a layer of potatoes, a shake of pepper and a pinch of salt; add more sauce and another layer of potatoes until the dish is filled; cover the top with the cream sauce and brown in a hot oven about 15 minutes. Serve in baking dish.

we will be content because we love and admire him and the move is for his best interests. Our best wishes and prayers will go with him wherever he goes.

James Shearer: Rev. Mr. Pence has drawn the membership of the Presbyterian church to love and admire him. He has a rare and engaging personality that has endeared him to all of us. He is brainy and effective in the pulpit and a most delightful companion in private life. We hate to lose him but if he feels it is a call of duty, and that he can serve his Master with more effect in Detroit than in Janesville, why we will all say "God speed and God bless you."

A. A. Jackson: No man in the pulpit has ever been more loved and respected by his congregation than has Rev. Mr. Pence by the members of his Janesville congregation. We will hate to see him go but we expect he will find it to be his duty to go to Detroit. When the members learn of this thing they will feel very sad.

Of course the developments above have come so suddenly, there has been no opportunity to look about for a successor if the Rev. Mr. Pence concludes to go. The church officials will no doubt at once institute inquiries, and the pulpit will be filled acceptably very soon after his departure.

Biography of Rev. Pence.
Rev. Pence was born at Columbus, Indiana, April 10, 1868. After graduating with high honors from the Columbus High school, he entered the Denver University. From the University he entered Hanover College, at Hanover, Indiana, where he graduated in 1889. In 1892 Rev. Pence graduated from the McCormick Theological Seminary. His first pastorate was at Georgetown, Colorado. This was in May, 1892. It 1893 Rev. Pence arrived in Janesville, and in November he entered upon his duties as pastor of the First Presbyterian church.

POLICE ARREST JOINER ROBBER

Sheriff Appleby and Chief Hogan Capture Their Man Who Has Admitted His Guilt.

Sheriff Appleby and Chief Hogan have arrested the man who robbed the S. H. Joiner residence in the town of La Prairie early Sunday morning. He is a German farm hand who goes by the nickname of "Dutch Luie." He has made a confession admitting his guilt. The prisoner is now behind the bars of the Rock county jail and a portion of the stolen property has been recovered.

At 4:30 o'clock this morning Sheriff Appleby and Chief Hogan left on a train for Darien, having received a message stating that a man answering the description of the thief was seen in that vicinity.

On reaching Darien the officers drove to a farm three miles from Darien. Here they found their man in the house. He had the stolen trousers on. A little girl in the house had the silver watch that he stole. Of the \$35 in money taken from the Joiner residence but \$2 was recovered. The prisoner is a German who worked for Joiner sixteen years ago. He has also boarded in this city. He is fifty-five years of age and unmarried.

At 8 o'clock this afternoon the prisoner stated that his name was Louis Heis.

SURVEYORS WORK ON RIVER STREET

Sent Here in Behalf of the Chicago, Milwaukee & St. Paul Railway Company.

Surveyors were at work yesterday on North River street. The men were here in the interest of Chicago, Milwaukee & St. Paul Railroad company. When questioned by a Gazette representative as to what they were surveying for, one of them said:

"You know just as much about this as we do. All we know is that we received orders to survey this property and make a report of it to headquarters. Just what the company intend to do remains to be seen."

The appearance of the surveyors caused no end of talk throughout the business portion of the city. The men commenced work at the corner of Milwaukee and River streets, and worked north to Wall street. They carefully measured each building frontage and every alley. Several business men think that the Milwaukee company is striving to enter the city with their new line from Fox Lake by coming up South River street and connecting with their North River street switch tracks. Other suggestions were made.

Local representatives of the Milwaukee road stated this morning that they were at a loss to know why the surveyors should be called to Janesville.

BROWN NOTIFIES PROPERTY OWNERS

Several Have Violated City Ordinance By Not Having Their Walks Cleared of Snow.

Several property owners in the city of Janesville were called to time this morning by Officer John Brown for having violated the city ordinance in reference to not having the snow cleared from their walks.

Since the late severe snow storm many walks have been made almost impassable on account of their not having been cleared. Traveling has been hard enough on account of the slippery condition of the walks but to add insult to injury by leaving the walks blocked with snow is more than pedestrians intend to put up with.

From all parts of the city complaints have come to the police during the past two days. In the first and third wards the greatest number of complaints have been made. Owners of vacant lots in the city seldom see to it that walks bordering on their property are clear.

The police say that it is not at all unlikely but what arrests will follow if this violation of the city ordinance is not remedied.

DOUGHERTY CASE ADJOURNED

Will Come Up On the Morning of Monday, March Nineteenth.

The case of the State of Wisconsin against Thomas Dougherty, who is charged with assaulting Edward Connell on the night of November 20, with attempt to rob, was called in the municipal court this morning at 10 o'clock. On account of the absence of Chief Hogan from the city the case was adjourned until March 19, at 10 o'clock. Bail remained in the sum of \$350.

How We Vary in Weight

It has been seriously asserted by many people that we are naturally lighter after a meal, and they have even gone the length of explaining this by the amount of gas that is developed from the food. Average observations, however, show that we lose three pounds six ounces between night and morning; that we gain one pound 12 ounces by breakfast; that we lose about 14 ounces before lunch; that lunch puts on an average of one pound; that we again lose during the afternoon an average of 10 ounces; but that an ordinary dinner to healthy persons adds two pounds two ounces to their weight.

SENATE ADOPTS GOLD BILL.

Conference Report Is Agreed To by a Vote of 44 to 26.

DEBATE ENDS IN APATHY.

Allen Charges Betrayal of Republican Platform of 1896 and Aldrich Makes Reply—Butler Denies the Populists Have Abandoned Free Silver.

Washington, March 7.—The senate has adopted the conference report on the financial bill. There was a remarkable exhibition of apathy, considering the great importance of the legislation proposed. Discussion ceased fifteen minutes before the expiration of the time allotted for it, and consideration of minor bills was begun. The report was agreed to by a vote of 44 to 26, the report having a majority of 18.

Mr. Allen and Mr. Butler spoke briefly on the report. Mr. Allen said he did not suppose it would be denied that the adoption of the gold standard was a gross violation of the republican platform of 1896, nor would it be denied, he thought, that the republican party has made no honest effort to bring about bimetalism.

Mr. Aldrich, chairman of the finance committee, said: "I will interject into the senator's remarks, with his permission, a denial of every statement he has made, and the probability is that at the conclusion of his speech I can enter the same denial." Later on, when Mr. Allen declared the bill required the payment of all debts, public and private, in gold coin, Senator Aldrich entered a straight denial, and did the same thing when Mr. Allen asserted that it conferred unlimited power for the issuance of bonds.

Mr. Allen retorted that the whole measure reduced every contract to the gold standard. He especially attacked the measure because of the favors which, he said, it extended to the national banks. The pending bill, he said, would be more far-reaching in its blighting consequences than any measure he had ever known and its enactment would be a terrible calamity to the people.

Mr. Aldrich briefly replied to Mr. Allen, denying that the measure extended to national banks any additional privileges. There was not, he said, the least danger of inflation by the issuance of national bank currency under the provisions of the pending bill. The entire amount possible to be issued by the banks would be \$609,000,000, an increase of \$269,000,000 over the present national bank currency. Mr. Aldrich then asked Mr. Butler if he and his party still favored free coinage of silver at the ratio of 16 to 1, and Mr. Butler not answering directly, Mr. Aldrich charged the populist party had abandoned free coinage of silver. Mr. Butler protested against this version of his remarks. At 4 o'clock the vote was taken.

Mr. Nelson introduced an amendment to the Puerto Rican bill providing an internal revenue system for the island. Today's developments revealed, moreover, that the sentiment for free trade for Puerto Rico is exceptionally strong among Republican senators. The Republicans quoted in favor of the Davis amendment are: Aldrich, Wetmore, Cullom, Mason, Davis, Nelson, Elkins, Kyle, Hansbrough and Wellington. Democrats, however, present a solid front against the constitutional provision in the Davis amendment. But the clear-cut proposition to give Puerto Rico free trade will enlist forty-five votes.

During the morning hour the Quay resolution was taken up and Mr. Simon (rep., Washington) made an argument adverse to the right of Mr. Quay to a seat in the senate under appointment from the governor of Pennsylvania. He referred to Mr. Quay's vote against Corbett in the Oregon case, and said that on principles of justice Quay should now be estopped by that vote. Mr. Carter (rep., Montana) justified his stand in favor of Mr. Quay and reconciled it with his vote against Corbett by saying that the proceedings in Corbett's case were of a revolutionary character. The case went over.

The house committee on interstate and foreign commerce agreed on a bill for a subsidized Pacific cable to Guam, Honolulu, Manila and Japan. The annual rate of subsidy was reduced from \$400,000 to \$300,000, and the subsidy is to run for twenty years. The line is to begin at a point near San Francisco and is to be completed to Honolulu by Jan. 1, 1902, and to Manila by July 1, 1903. The senate committee on naval affairs voted unanimously to report favorably a bill looking to the construction by the government of a cable to the Philippines.

It is very hard to stand idly by and see our dear ones suffer while awaiting the arrival of the doctor. An Albany, (N. Y.) dairyman called at a drug store there for a doctor to come and see his child, then very sick with croup. Not finding the doctor in the left word for him to come at once on his return. He also bought a bottle of Chamberlain's Cough Remedy, which he hoped would give some relief until the doctor should arrive. In a few hours he returned, saying the doctor need not come as the child was much better. The druggist, Mr. Otto Sholz, says the family has since recommended Chamberlain's Cough Remedy to their neighbors and friends until he has a constant demand for it from that part of the country. Strike on in Car Works.
Pittsburg, March 7.—A strike of about thirty electric crane men at the Allegheny works of the Pressed Steel Car Company has resulted in the refusal of the employees in the car department to continue work. Over 1,000 men are said to be involved now, but those who quit work today have no complaint to make as to the wages. They say the men employed to take the places of the striking crane men are inexperienced and so make the work of the other workmen extra hazardous. The men out include the bolsters, punchers, riveters and fitters-up.

WHY IT SUCCEEDS.

Because It's For One Thing Only, and Janesville is Learning This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They're for sick kidneys.

They cure every kidney backache.

Here is Janesville evidence to prove it:

Mrs. S. L. Belden, of W. S. River St., says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became affected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the People's Drug Co.'s store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

WINE OF CARDUI

HEALTHY OLD AGE.

LARGE, BENTON CO. ARK., Aug. 4.
I am 49 years old and have been suffering with Change of Life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.
MRS. E. B. TOWNSEND.

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

HOW TO LIVE LONG
Is the subject of a poem written by the philosophical Pope Leo XIII, who has attained more years than his allotted three score and ten, in which he advises
"Thy meats be delicate and dairy fed,
Tender not highly spiced thy food."
That is the kind of meats we serve at all times, "delicate, dairy fed, tender beef, lamb, pork, mutton, veal—nutritious, delicious and tempting. Our wagons will call daily for your order."

DUTCH IN CAPE COLONY RISE.

Many of Them Said to Be in Open Armed Rebellion.

THEY WILL HELP THE BOERS.

Indications That the Republican Forces Are Massing to Obstruct the Advance of Lord Roberts—Operations in Natal Suspended.

Cape Town, March 7.—Nearly the whole of the Dutch population of the Prieska and Kenhardt districts are in rebellion. Many of the Dutch from neighboring districts are reported to have joined them, notably Piet Moolman, who will lead the rebels to Brandries. Lucas, Steinkamp, commanding the Boers, is reported marching on Carnarvon. It is believed that Gordon and Victoria West will rise. It is thought that the total number of men in arms will exceed 3,000. The general opinion of the loyalists is that a strong force of British will be required, as a reverse would spread the rebellion.

London, March 7.—There is every indication that the Boers are withdrawing by degrees from all the positions they have held in the north of Cape Colony, and at the same time are concentrating in the Free State to oppose the advance of Lord Roberts.

The republicans, who are said to be under the supreme command of Gen. Joubert, are rapidly intrenching themselves near Oostende and at Abraham's kraal, and apparently a general action cannot be long delayed.

Meanwhile Lord Roberts makes no sign, although speculation is naturally mainly occupied with his next move.

Operations are for the moment practically suspended in Natal. Gen. White's men require time to rest and recuperate, and a good deal has yet to be done in the direction of restoring communications and accumulating supplies and ammunition.

It is rumored that Gen. White will assume command of the army in Natal, while Sir Redvers Buller will take charge of all the British troops now assembled in eastern and northern Cape Colony.

The extent to which Gen. Joubert and President Steyn have succeeded in massing their forces is not yet clear, but they are covering Bloemfontein by a long defensive line on the hills south of the Modder river.

Their tactics are the same as those which were employed on the Tugela, when the Dutch commandos covered a distance of eighteen miles, but the country is less favorable for their system of defense. There is no river in front of them, and Lord Roberts has four mounted brigades, with horse artillery, with which their line can be turned. The Dutch forces, if defeated, will fall back upon Winburg and the high hills between Ventersburg and Senekal, between the Vet and the Valsch rivers.

This is described by South Africans as the most formidable defensive position in the Free State, and lateral railways stretch up behind it at Bethlehem and Kromstad. Lord Roberts has sent a strong body of infantry toward Vryburg and Mafeking, which will naturally be re-enforced and converted in due time to a turning column against that position.

The occupation of Stormberg gives to Gen. Gatacre the control of the railway westward to Middleburg, and enables him to advance northward toward the Orange river.

Gen. Brabant has followed up his victory over the Cape Dutch rebels near Dordrecht with a vigorous pursuit northward. Dispatches describing this success of the colonial troops state that the casualties were about thirty during the two days' fighting.

Ordered to Sent of War.
Toronto, Ont., March 7.—Gen. Sir William Seymour, commander-in-chief of the Imperial Forces of Canada and Newfoundland, has received orders to report to Lord Roberts as quickly as he can, and he will probably leave Halifax with the Strathcona corps of mounted men next Tuesday. It is understood that a number of other officers of the higher ranks are also to go to the front.

Children Aiding the Boers.
Garrett, Ind., March 7.—The children of the German Reform Sunday school delivered their pennies, amounting to \$3.14, last Sunday, to their superintendent, John Lumm. They expect to raise \$2,500 by gathering up bones, rags, glass, iron, etc., which they will convert into money. This fund is to be collected for the benefit of the widows and orphans of the Boers.

Long Holiday for Choate.
London, March 7.—Ambassador Choate will leave here for a long holiday on Friday. He goes to the Riviera first and will be joined at Cannes by his wife. Before returning to London they will make a tour to southern Europe and will visit Constantinople.

Watson Is Ordered Home.
Washington, March 7.—The navy department announces that Admiral Watson has been ordered home, and the command of the Asiatic station assigned to Admiral Remey, on account of the delicate condition of Admiral Watson's health.

Convicted of Attempt to Murder.
Bedford, Ind., March 7.—Perry Gilbert was found guilty of attempt to murder City Marshal Jones of Mitchell and was sentenced to two and one-quarter years at Michigan City penitentiary.

VICTIMS OF THE ICE.

One Killed and Many Hurt by Falls on the Street.

Chicago, March 7.—The condition of the streets Tuesday was perilous for man and beast. Several inches of nearly snow lay over a sheet of ice as smooth as glass and pedestrians slipped and sprawled about in a most astonishing way. There were many hard falls, several of them causing severe injuries and in one case death.

Debs for the Presidency.

Indianapolis, Ind., March 7.—The national convention of the social democratic party is in session, with Eugene V. Debs and many other leaders present. A committee representing the social labor party, which has nominated J. B. Harriman of California for president and Max Hayes of Cleveland for vice-president of the United States is on hand, and the absorption of the social labor party by the social democratic party will probably be accomplished. Debs is favored for the presidential nomination and can have it if he will accept.

How to Oppose Sheldon.

Topeka, Kan., March 7.—Second only to the Sheldon, Christian newspaper experiment is the novel plan of the Topeka State Journal in combating the "What Would Jesus Do?" idea. D. W. Howe is preparing lay sermon to be published in the Journal during the Sheldon week. He will take strong grounds against the idea that the modern newspaper needs advice from the pulpit, and will declare that the newspapers of the present are the greatest moral and educational agencies in the world.

Osteopaths Being Examined.

Springfield, Ill., March 7.—A class of twenty-one osteopaths from this and surrounding states is taking a special examination before the state board of health for license to practice the system in this state. The branches in which they are required to pass a successful examination are anatomy, physiology, chemistry, histology, pathology and hygiene.

Find Body Beneath Engine.

Brazil, Ind., March 7.—The workmen were cleaning up the wreck on the Chicago & Eastern Illinois they found the body of Charles Albert, a miner, buried underneath the engine of the local freight. The list of the injured is fifty-two, of which number William Dodwell, William Fudge and Thomas Barrowman will probably die.

Railroad Bridge Collapses.

Pittsburg, Pa., March 7.—The viaduct leading to the Pittsburg, Fort Wayne & Chicago railroad bridge that crosses the Allegheny river collapsed Tuesday morning where it crosses Robinson street, Allegheny. The weight of a passing locomotive broke the bridge down. The engineer and fireman of the locomotive and a man walking on the street were killed.

Mrs. Greenbaum Elopes.

Chicago, March 7.—The police of the Maxwell street station are looking for Mrs. Pearl Greenbaum, who is accused by her husband of having eloped with Max Greenfeldt, and of taking with her \$3,265 of his money and jewelry worth \$1,000.

Rockefeller Offers Aid.

Boston, Mass., March 7.—John D. Rockefeller has offered to Newton Theological seminary a dollar for dollar gift, aggregating \$150,000.

Safety in Queenstown Harbor.

The harbor of Queenstown is three miles long, two wide, almost entirely sheltered and as safe as it is capacious. The whole British navy may safely ride within its area.

Corbin Courts an Inquiry.
Washington, March 7.—Adj. Gen. Corbin says he is not alarmed over the resolution adopted by the senate calling for the record of his trial by court martial on the charge of cowardice when he was lieutenant of the Fourteenth colored infantry. He has sent a letter to Senator Davis of Minneapolis, saying he courted a full examination of his record from the time he entered the military service. Thirty-eight years ago, when he was 19 years old.

Rescued from the Flood.
St. Louis, Mo., March 7.—The river Des Peres burst through its banks at 3 o'clock Tuesday morning, submerging a considerable territory on Hermitage and McCausland avenues and the suburban tracks. Eleven persons were caught in the flood, and their lives were only saved by the heroic work of Sergeant Collins and Officers Carroll and Kilroy of the mounted district.

McKinley liable to a Fine.
Canton, Ohio, March 7.—The city clerk has discovered that President McKinley has violated a city ordinance. The president is having his residence, recently purchased, remodeled, and he neglected to take out a building permit. The ordinance provides that in case of its violation the guilty party shall be fined from \$10 to \$50. The permit costs 25 cents.

Price of Sugar Again Cut.
New York, March 7.—A cut of 10 cents a hundred pounds in the price of sugar has been made by the American Sugar Refining company. The reduction has been 5 cents at a time. The cut brought the price of standard granulated down from \$5.20 to \$5.10. The independent sugar refining interests met the cut.

Sugar Refinery to Reopen.
New York, March 7.—The large refinery of the Mollenhauer Sugar Refining company at South Eleventh street and Kent avenue, Brooklyn, is soon to be reopened with a force of 600 men. The plant was shut down on Dec. 1, when there was on hand a surplus stock. The Mollenhauer refinery is not in the trust.

Paris, March 7.—A decision in the appeal of the Assumptionist fathers against the fines and dissolution order has been given against the appellants except that the fines were remitted. It is certain that the association will be dissolved.

Young Torrence Gets \$50,000.
Chicago, March 7.—David Tod Torrence, son of the late Gen. Joseph Torrence, has agreed to accept \$50,000 and relinquish all rights, title and interest in the estate left by his father. This ends the attempt to break the will which cut young Torrence off with \$250.

VIBRATIONS

Did you ever stop to think that everything in Nature is observed and demonstrated by vibrations? There are vibrations of light, heat, sound, of which we are all familiar. But there are other vibrations manifest. Some are aware of the vibrations of health, some of success, some of wealth. The very atmosphere in which we walk is teeming with all these vibrations. All we need to do in order to recognize any or all of these is to get our innermost nature in complete harmony with the forces which create; then all things are ours.

MAGNETIC HEALING
